Manitoba
Public Insurance

IMPORTANT NOTICE

TO: ALL MPI REGISTERED ACCOUNT HOLDERS

Manitoba Public Insurance, The Automotive Trades Association (ATA), and the Manitoba Motor Dealers Association (MMDA) have a two-year Labour Rate Agreement for accredited and non-accredited motor vehicle body shops in Manitoba. A recalculation of the claim count resulted in an increase in labour rates for 2015.. The revised labour rates reflect a 2.15% increase, rather than the 1.61% previously announced, in the categories of body, paint, frame and glass. Mechanical labour rates stay in effect until a new agreement is created for 2017 and beyond. As such, Manitoba Public Insurance will honour the following rate schedule effective January 1, 2015.

Beginning January 1, 2016, a further increase to body, paint, frame and glass only labour rates will be based on an inflation adjusted formula as follows: 40% of the Average Industrial Wage increase for Manitoba and 60% CPI increase for Manitoba based on the prior year.
