

## ACCREDITATION FOR FRAME ONLY REPAIR SHOPS

Dear Sir/Madame:

As Repair Facilities have previously been advised, the existing Accreditation Agreement was extended until a new one was ratified. Over the past several months, discussions with the Automotive Trades Association of Manitoba and the Manitoba Motor Dealers Association have resulted in an agreement of the terms and conditions that would make up the 2011 Accreditation Agreement. Frame Specialty repair shops are now included within the terms of this agreement.

Under the terms of this agreement we have standardized the requirements for vendors performing structural repairs to customers' vehicles. Therefore, the requirements for equipment and training for Frame Specialty repair shops are similar to those that apply to Auto Body vendors who wish to be certified for structural repairs.

The 2011 Accreditation Agreement and the Specifications/Application can be found on the MPI Partners Website:

<http://mpipartners.ca/AccreditationAgreements.html>

The required forms that apply to light vehicle frame repair shops can be found on the MPI Partners Website:

<http://mpipartners.ca/Forms.html>

We ask for your cooperation and prompt return of your Accreditation Agreement and Specifications/Application by April 30, 2011 to our office at the following address:

**Mail: Manitoba Public Insurance Corporation  
Quality Control Department  
PO Box 45064 Regent Postal Outlet  
Winnipeg, MB R2C 5C7  
Attention: Kevin Bonazew**

**OR**

**Fax: (204) 985-1661**

Once the Quality Control department has received your signed Accreditation Agreement and Specifications/Application documents, they will be in contact with you to provide further details.

For questions regarding the Accreditation Agreement or the Specification/Application document or if you require assistance, please contact Kevin Bonazew at (204) 985-1671.
