Re: Changes to I-CAR Professional Development Program Courses

We have recently been informed about changes to the I-CAR Professional Development Program (PDP) courses and course offering schedule. Please refer to the details below.

Original Courses		New Equivalent Courses (Online Only)	
AIR01	Air Conditioning	AIR02e	Air Conditioning - Part 1
		AIR03e	Air Conditioning - Part 2
EXT01	Bolted-On Part Replacement	EXT03e	Bolted-On Exterior Panels - Part 1
		EXT04e	Bolted-On Exterior Panels - Part 2
HEA01	Heating and Cooling Systems	HEA02e	Cooling System Operation and Parts
		HEA03e	Working with Coolant and HVAC Controls
LSC01	Lighting, Starting, and Charging Systems	LSC04e	Automotive Lighting
TRM01	Trim and Hardware	TRM02e	Removing and Installing Hardware Interior Trim
		TRM03e	Removing and Installing Exterior Trim, Pinstripes, and Decals

If you have previously taken any of the original courses above, you will get credit for the new equivalencies; however, if you have not taken any of the above courses, you must now take the new courses to get credit towards your PDP role.

Only the new courses will be credited toward your PDP completion.

For example, if you have completed AIR01, you will receive equivalencies for AIR02e and AIR03e on the PDP. If you need to take AIR01 and want to take the course online, you will need to take AIR02e and AIR03e.

Visit www.i-car.ca for more information. Click the following link to see the full Independent Learning course listing: [I-CAR Independent Learning Courses](#).
