

**Notice to all Accredited Repair Shops** 

## Draft Estimating Standard: Adhesives Templates

Date published: March 1, 2022

As previously communicated on <u>January 28</u>, a new <u>Adhesives Templates</u> estimating standard was published. This standard was published as a draft version for 30 days and was identified as such on MPI Partners and within the document. This allowed all shops to review the document and provide feedback. Several shops have taken the opportunity to provide feedback to the <u>Technical & Parts Consultation</u>

<u>Committee</u>. The draft status will remain on this document, while the feedback is reviewed at the upcoming meeting.

If you have any questions about this notice, please contact Estimatics using the <u>Repair Shop Support</u> <u>Line</u>.
