

## **Autobody and Frame**

You must maintain I-CAR Gold Class designation to remain accredited. Regular welding recertification is a mandatory requirement.

## **Glass**

All technicians completing repair or replacement must have a minimum of three (3) years' experience in both windshield repair and windshield replacement.

In addition to the experience requirements, technicians must complete the following ICAR courses:

- NS030E01 – Movable Glass Removal and Installation (Previously – GLA01)
- ST050E01 – Fixed Glass Removal and Installation (Previously – GLA02)
- EA095E02 – Damage Analysis of Stationary Glass
- EA070E01- Damage Analysis of Driving Assist Systems

MPI will accept technicians who completed the prior GLA01 and GLA02 as meeting the ICAR portion of the glass training requirements for NS030E01 and ST050E01.

## **Frame Only**

All technicians completing steel structural repair or replacement operations must be ICAR Platinum Steel Structural Technicians.

All technicians completing aluminum structural repair or replacement operations must be ICAR Platinum Aluminum Structural Technicians.

## **Basic Aluminum Capability**

Shop who have not met an OEM or third-party aluminum program are required to have an ICAR Platinum Aluminum Structural Technician.
