

### **Windshield Repair Waiver**

I, \_\_\_\_\_ authorize a repair of my  
the insured

windshield based on glass claim number \_\_\_\_\_.

I acknowledge that Manitoba Public Insurance recommends replacing the windshield rather than repairing the area of damage because the damage is in the driver's line of sight, an area covered by the sweep of the wiper blade on the driver's side. Despite this recommendation, I insist on a repair to the windshield rather than a replacement.

If I find these repairs to be unsatisfactory, I agree to reimburse Manitoba Public Insurance for the cost of the windshield repair prior to replacement of my windshield.
