

Notice to all Towing and Storage Vendors

Further Updates to MPI's Master Service Agreement Rate Card

Date published: January 29, 2026

Following a review of feedback from our towing and storage partners, along with additional internal assessment, MPI has determined that all Heavy Towing-related pricing will be removed from the [Manitoba Provincial Towing and Storage Master Service Agreement Rate Card](#) at this time, subject to further review. No other sections of the agreement or rate schedule are affected by this update.

We appreciate the thoughtful input shared by our partners and remain committed to maintaining open, collaborative communication as we continue strengthening towing and storage services across the province.

If you have any questions, please contact us as partners@mpi.mb.ca.
