

Notice to all Towing and Storage Vendors

Auction Buyer Information Request Form

Date published: June 26, 2026

Buyers at MPI's salvage auctions can be located across the world. If a vehicle remains unclaimed for an extended period and possession is being pursued under the Garage Keepers Act, ownership information may need to be obtained. Requests for ownership information cannot be processed through MPI's standard Vehicle Owner Information Request process because the registered owner may not be a resident of Manitoba.

For salvage vehicles sold at auction, if you would like to pursue the Garage Keepers Act, you can request owner information with the [Auction Buyer Information Request Form](#). Instructions for how to submit this request are included on the form.

If you have questions, please contact MPI Salvage Operations via email MPISalvage@mpi.mb.ca or by phone 204-985-7844.
