Update to Temporary Glass Repair Measures for Storm-Related Claims

Date published: July 28, 2026

As the industry moves from emergency response to recovery, the [temporary measures process](#) that was introduced for storm-related claims is being scaled back for use in exceptional situations only as of July 29.

Temporary Glass Repairs are No Longer Eligible when:

- The vehicle has been estimated and determined to be Marginal or Total Loss
- The glass damage does not affect the safe operation of the vehicle

Customers may choose to proceed with repairs at their own expense in these situations.
