

Notice to All Commercial Repair Shops

# 2023 Commercial Vehicle Repair Industry Agreement Compensation Update – Effective July 1, 2025

**Date published:** June 27, 2025

In accordance with the [2023 Commercial Vehicle Repair Industry Agreement Compensation Schedule](#), MPI will be making system changes to update the applicable rates as follows:

Labour	Rate
Commercial Labour	\$163.85
Trailer Repair Labour	\$118.50

Materials	Rate
Shop Material	\$16.01
Paint Material - Standard	\$100.09
Paint Material - IMRON	\$112.39

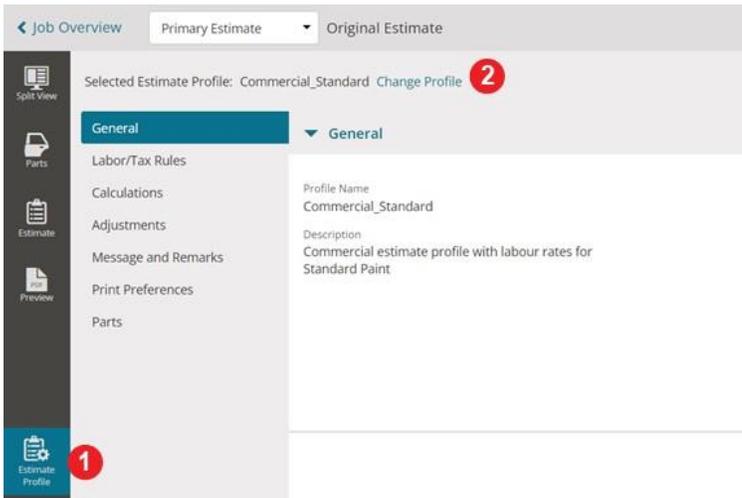

## In-Progress Claim Procedures

### Labour Rates

For in-progress claims submitted for payment on or after July 1, 2025, it is the shop's responsibility to update the profile on each claim prior to submitting for payment. Shops are not to manually modify MPI profiles.

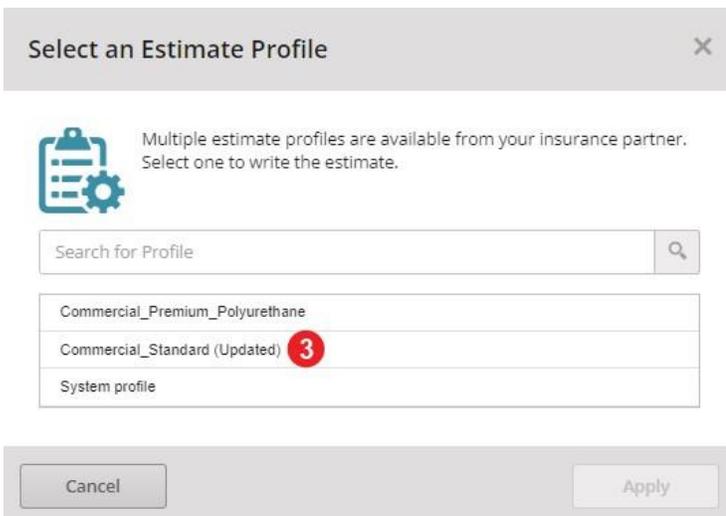

To update the profile on an existing estimate in MCE:

1. Select **Estimate Profile** from the left side menu bar.
2. Select **Change Profile**.

The screenshot shows a software interface for estimating. At the top, there is a navigation bar with 'Job Overview', 'Primary Estimate', and 'Original Estimate'. Below this is a sidebar with icons for 'Split View', 'Parts', 'Estimate', 'Preview', and 'Estimate Profile' (marked with a red '1'). The main area shows 'Selected Estimate Profile: Commercial\_Standard' with a 'Change Profile' button (marked with a red '2'). A dropdown menu is open, showing 'General' selected. The 'General' profile details are displayed: Profile Name: Commercial\_Standard, Description: Commercial estimate profile with labour rates for Standard Paint.

3. Choose the applicable profile, which is indicated with “(Updated)” in the profile name:

The screenshot shows a dialog box titled 'Select an Estimate Profile' with a close button (X). Below the title is an icon of a clipboard with a gear and the text: 'Multiple estimate profiles are available from your insurance partner. Select one to write the estimate.' There is a search bar labeled 'Search for Profile' with a magnifying glass icon. Below the search bar is a list of profiles: 'Commercial\_Premium\_Polyurethane', 'Commercial\_Standard (Updated)' (marked with a red '3'), and 'System profile'. At the bottom of the dialog are 'Cancel' and 'Apply' buttons.

4. Select **Apply**, then **Apply Changes**.

Estimate **Labour** and **Materials** will now be calculated with the updated rates.

*Note: Updating the rate will create a supplement when the estimate is committed.*

If you require technical assistance, please contact Mitchell TAC at 1-800-448-4401.
