In-Progress Claim Procedures

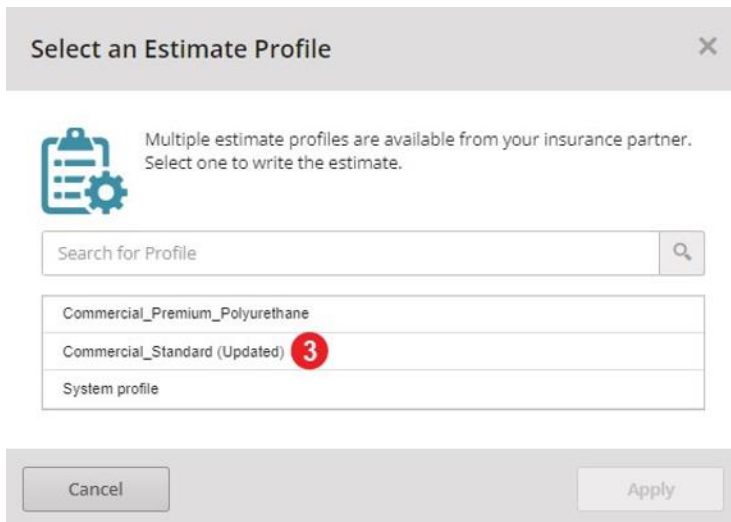

For in-progress claims submitted for payment on or after July 1, 2026, it is the shop's responsibility to update the profile on each claim prior to submitting for payment. Shops must not manually modify MPI profiles.

To update the profile on an existing estimate in MCE:

1. Select **Estimate Profile** from the left side menu bar.
2. Select **Change Profile**.

3. Choose the applicable profile, which is indicated by “(Updated)” in the profile name.

4. Select **Apply**, then **Apply Changes**.

- Estimate Labour and Materials will now be calculated with the updated rates.

Note: Updating the rate will create a supplement when the estimate is committed.

If you require technical assistance, please contact Mitchell TAC at 1-800-448-4401.

Shops using [Virtual Claim Files](#) must request the rate increase on the Final Repair Account when submitting for payment.
