# Adhesive Templates – Price Update

Date published: May 4, 2026

Effective May 5, the adhesive template allowance will be increased to \$26 in Mitchell Cloud Estimating (MCE). The [Nameplate Adhesive](#) standard has been updated to state that the maximum allowance is “as per MAPP”.

## In Progress Claims

The adhesive template price is automatically applied by MAPP; shops are only permitted to update the price of an adhesive template that was written to the estimate with the old price but purchased on or after May 5 at the updated price. To apply the updated price, delete and then re-enter the nameplate line in MCE, this will prevent a manually entered (\*) part price.
