Estimating Standards – Updates

Date published: January 17, 2025

Two estimating standards on [MPI Partners](#) have been updated to further enhance their clarity:

- Unfit Vehicles
 - Additional details added to the table in rule #2 regarding unibody and conventional frame vehicle requirements.
- Parts Autonomy (PA)
 - New rule #1 to clarify that PA applies to light vehicles only.

Additionally, a link to the [Alternate Parts Suppliers](#) look-up tool has been added to the reference section of the following four estimating standards to improve accessibility:

- Accessories
- Estimate Part Selection
- Wheels
- Tires

The updated standards are identified with: ***draft for 30 days**

Refer to the **Revision History** section for a summary of the updates.
