

Notice to All Accredited Repair Shops

# Car-Part Messaging (iCPM) Verify Tab for Recycled Parts Suppliers

**Date published:** April 24, 2026

As previously reviewed with the Technical & Parts Consultation Committee and shared in the [December 2025](#) and [March 2026](#) meeting minutes, the Verify tab in Car-Part Messaging (iCPM) will be enabled for MPI-preferred recycled parts suppliers, effective April 25, 2026. This enhancement allows suppliers to more accurately verify parts added to the estimate by shops.

There is no change to the shop workflow as a result of this update. As a best practice, shops are encouraged to have the part stock number and vehicle make, model, and year available to support timely verification by suppliers.

If you have any questions about this notice, please email [partners@mpi.mb.ca](mailto:partners@mpi.mb.ca).
