

Notice to all Dealers

Dealer's Application for Interim Registration and Report of Issue of Interim Registrations Forms Now Available

Date published: May 4, 2026

The Dealer's **Application for Interim Registration** form and **Report of Issue of Interim Registrations** form are now available on MPIPartners, on the [Vehicle Safety](#) page under the Other Forms section.

The Dealer's Application for Interim Registration form and Report of Issue of Interim Registrations forms are available as fillable PDFs, or they can be printed and completed manually.

Important: Dealers must continue tracking interim registration permits sold using the Report of Issue of Interim Registrations form. This ensures accurate and complete records in case confirmation of issuance is required. Please keep this document in a secure location so it can be provided when purchasing new permits. Interim registration permits can only be issued to a dealer when the report log (Report of Issue of Interim Registrations) for previously issued permits is provided along with the application. However, if it is the first time a dealer is purchasing interim registration permits, or if the dealer is simply replacing void permits and not purchasing new ones, the report log is not required.

For questions regarding this notice, please email ysi-dealerinfo@mpi.mb.ca or call 204-985-0920.
