Re: All I-CAR Courses Available Online

Effective July 1, 2017, all I-CAR courses (except welding courses) will be offered as Independent Learning (IL) online courses. In-class courses will be offered based on demand only.

Based on feedback, repair shops and technicians want greater access to online training. IL courses increase the efficiency and convenience of I-CAR courses by eliminating the administration, scheduling, and facilitation efforts required of traditional in-class training.

With the high demand for specialized training, online courses allow technicians throughout the province to access training when and where it is convenient for them. This allows MPI to better assist accredited repair shops, and those seeking accreditation, meet the Light Vehicle Accreditation Agreement requirement of I-CAR Gold Class designation by March 1, 2018.

The following in-class courses will be offered online as of July 1:

Course ID	Course Description
ALI01	Aluminum Intensive Vehicle Repairs
APR01	Aluminum Exterior Panel Repair and Replacement
DAM06	Steering And Suspension Damage Analysis
DAM15	Advanced Steering and Suspension Systems Damage Analysis
ELE01	Electrical Circuits and DVOM Usage
EXT02	Welding and Adhesively Bonded Panel Replacement
FFR01	Full Frame Partial Replacement
FOR06	2015 Ford F-150 Structural Repair Training Course
MEA01	Measuring
PLA03	Plastic and Composite Repair
REF07	Waterborne Products, Systems, and Application
REF09	Color Theory, Mixing Toners, and Tinting
SPS07	Steel Unitized Structures Technologies and Repair
SPS10	Replacement of Steel Unitized Structures
SPS11	Sectioning of Steel Unitized Structures
SSS01	Structural Straightening Steel
STE02	Suspension Systems
STE03	Rack and Pinion and Parallelogram Steering Systems
STE04	Wheel Alignment and Diagnostic Angles
WCS04	Squeeze-Type Resistance Spot Welding
