Estimating Standards – Updates

Date published: March 10, 2023

Two Estimating Standards on [MPI Partners](#) have been updated to further enhance their clarity:

- [Advanced Driver Assistance Systems \(ADAS\) Calibration](#)
 - Updated names of the **My Templates** calibration allowances to align with new Mitchell terminology.
- [Wheel Alignment](#)
 - Added criteria for the Mitchell **Check Alignment** operation, it may now be requested to facilitate an ADAS calibration in specified applications.

The updated standards are identified with: ***Draft for 30 days.**

See each standard for additional details, refer to the **Revision History** section for a summary of the updates.

If you have any questions or feedback, you can submit it to your [consultation committee representative](#) or directly to MPI at partners@mpi.mb.ca.
