

Notice to all Fire Municipalities

Update to Firefighting/Rescue Cost Form and Business Rules Now Available – February 2023

Date published: February 28, 2023

Further collaborative discussions between the Office of the Fire Commission, members of the AMM (Association of Manitoba Municipalities), and MPI, have acknowledged the coverage gap under the additional expense of **Securing the Scene** in some municipalities.

Effective March 1, 2023, MPI will increase the hourly rate from \$70.00 to \$76.16 and time on scene increases from a one-hour to a three-hour maximum, to be paid in 15-minute increments based on time on scene.

To reflect these changes, the **Claims for Firefighting/Rescue Costs form** has been updated, and **Business Rules: Firefighting Billing for Motor Vehicle Accidents** are now available on the [Partners Light Vehicle Claims Administrative Forms](#) page.

If you have any questions about this notice, please contact firefightinginvoices@mpi.mb.ca.
