

Notice to all Accredited Glass Shops

Hardware Pricing in Mitchell Cloud Glass

Date published: February 22, 2024.

MPI continues to find ways to enhance processes in glass claim administration through ongoing conversations with the repair industry, Automotive Trades Association of Manitoba (ATA), and Manitoba Motor Dealers Association (MMDA).

Based on feedback from the glass industry, the pricing of the hardware parts in Mitchell Cloud Glass (MCG) is not accurate, causing shops to update the pricing in MCG to market price (shop cost) plus 25%. This discrepancy results in shops having to submit for payment adjustments when costs are not updated. To help reduce the frequency of payment adjustment requests, the following system change will occur.

Effective February 21, 2024, the hardware entries will no longer have a price in MCG.

Parts List							
Part	Description	IRP	Price	Labour		Info	Cal
Windshield							
FW03817GTNN	Green Tint(Acoustic Interlayer)(Electrochromic Mirror) (Solar)		\$987.49	4.50	Add		N

Please reference the [Glass Related Parts \(mpipartners.ca\)](http://mpipartners.ca) standard stating that shops may request market price (shop cost) plus 25% and are not to exceed the OEM published pricing.

The [Hardware Procedure \(mpipartners.ca\)](http://mpipartners.ca) outlines how to add a supporting invoice, add a hardware line, and update the pricing in MCG.
