

Notice to all Accredited Repair Shops

2021 Light Vehicle Repair Industry Agreement Compensation Update – Effective June 14, 2022

Date published: June 8, 2022

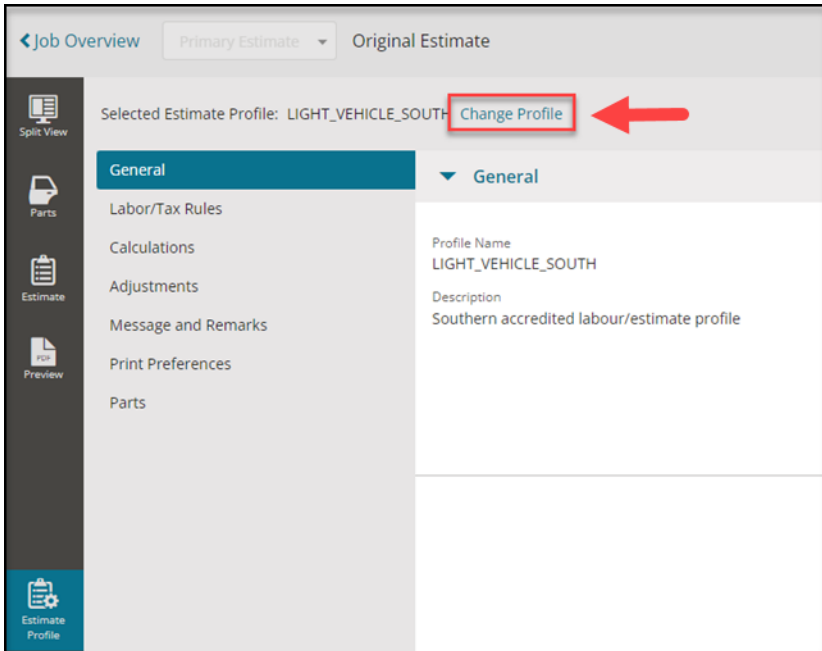

Effective June 14, 2022, MPI will be making system changes to update the labour and material rates in accordance with the [2021 Light Vehicle Repair Industry Agreement Compensation Schedule](#).

For all pre-existing claims submitted for payment after June 14, 2022, it is the shop's responsibility to update the profile on each claim prior to submitting for payment. To update an estimate profile on an existing estimate, ensure the estimate editor is open, and select **Estimate Profile** from the left margin.

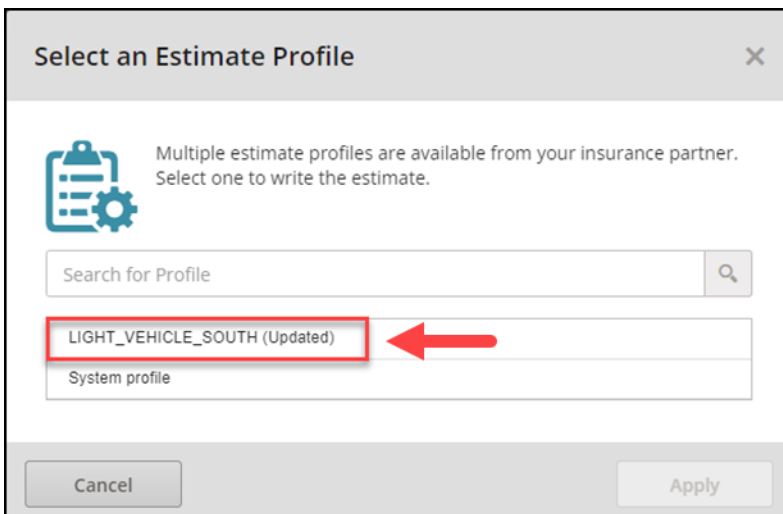

Select **Change Profile**.

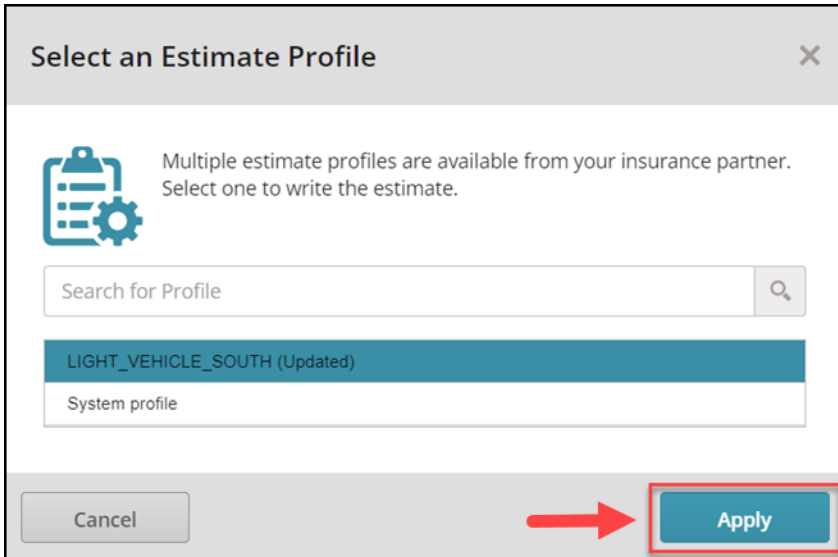

Choose the applicable profile, which will indicate **(Updated)** next to the name.
For example:

Click **Apply**.

Click **Apply Changes**. Estimate **Labour** will now be calculated with the updated rates.

Lastly, return to **Estimate** and finalize the estimate.

Note: Updating the rate will create a supplement when the estimate is committed.

*Should you need additional help, please contact **TAC 800-448-4401**.*

Shops using Virtual Claim Files must request the rate increase on the Final Repair Account when submitting for payment.

If you have any questions about this notice, please contact [MPI Partners](#) or your SRA.
