## NOTICE TO MITCHELL CONNECT USERS

### Re: Mitchell Connect Release Notes

Mitchell will release an update to Mitchell Connect on February 7, 2019. When the update is made on February 7, please review the release notes within the **Help** section of Mitchell Connect.

The screenshot shows the Mitchell Connect web application interface. On the left is a dark sidebar with navigation options: 'ESS Test Shop 9', 'Jobs', 'Open', 'Closed', 'Tasks', 'Reports', 'Settings', 'Feedback', 'Help' (highlighted with a red box), and 'Sign Out'. The main content area displays a 'Welcome to Mitchell Connect and Mitchell Cloud Estimating' page. A red box highlights the 'What's New in Mitchell Connect?' section, which contains a link: 'Click here to view release notes and see the latest enhancements in Mitchell Connect.' Other sections include 'What's New in Mitchell Cloud Estimating?' and 'Training'.

No action is required to apply the update.
