# Glass Mouldings Enhancement to Mitchell Cloud Glass (MCG)

**Date published:** October 19, 2022

MPI continues to find ways to enhance processes in glass claim administration through ongoing conversations with the repair industry, Automotive Trades Association of Manitoba (ATA), and Manitoba Motor Dealers Association (MMDA).

Through these conversations, MPI realized that shops were not always able to add glass mouldings to invoices with glass that has a 'Y' in the part number. This resulted in shops needing to email the Glass Audit Unit requesting that MPI add the moulding to the invoice for them.

Effective today, shops are now able to add the glass mouldings to the invoice themselves. This will streamline the MCG process by reducing the need for facilities to contact MPI and allow the Glass Audit Unit to respond to higher priority claim requests sooner.

If you have any questions regarding this notice, please contact the [Glass Audit Unit](#).
