Northern Differential

Date published: Dec 14, 2021

As mentioned in the previous [Northern Consultation](#) notice, a Northern differential has been added to several allowances within the MPI Estimating Standards.

The My Template profiles within Mitchell Cloud Estimating have also been updated to reflect the new allowances.

These changes will be effective Wednesday December 15th.

See the following standards for further details:

- [Air Conditioning](#)
- [Estimate Administration Allowances](#)
- [Glass Allowances](#)
- [Lock Coding](#)
- [Tire Allowances](#)
- [Vehicle Mobilization](#)

Please email partners@mpi.mb.ca if you have any questions about this notice.
