

Notice to all Accredited Repair Shops

# Parts Program Enhancements - Update

**Date published:** February 1, 2022

**Aftermarket plastic liners and adhesive templates are now available** in the Mitchell Alternate Parts Program (MAPP), as previously communicated in the [January 28, 2022](#) notice.

The new estimating standard was published as a draft version for 30 days and is identified as such on MPI Partners and within the document. This allows all shops to review the documentation and provide feedback. If you have any feedback, you can submit it to your [consultation committee representative](#) or directly to MPI.

If you have any questions about this notice, please email [partners@mpi.mb.ca](mailto:partners@mpi.mb.ca).
