

Notice to All Accredited Repair Shops

Hail Estimate Reminder

Date published: March 14, 2024

All vehicles that were scanned by MPI during the strike for hail damage, now have an estimate (suffix 01) in Mitchell.

As [previously communicated](#), if the customer indicates that they attended MPI's Physical Damage Centre for a hail estimate and an estimate is not available in Mitchell, accredited repair shops that accept a customer's hail claim should contact MPI at partners@mpi.mb.ca for assistance. A few hail scans had file corruption issues and will not have an estimate on file.

Please do not advise customers to contact MPI until you have contacted partners@mpi.mb.ca.

If you have any questions about this notice, please contact partners@mpi.mb.ca.
