Estimating Update

Date published: August 5, 2021

MPI is committed to meet the Standards of Service as outlined in the Light Vehicle Accreditation Agreement.

Some delays in MPI estimates, shop supplements, and estimate approvals are due to the recent influx of claims including a recent hail storm, along with MPI's continued support (staff and physical locations) of the province's pandemic response.

MPI is working on measures to restore our normal level of service. A number of these measures will be in place by Monday, August 9, 2021. We anticipate service levels returning to normal shortly thereafter.

MPI appreciates your patience during this time.
