Tool Allowance and Apprenticeship Grant Program Extension

Date published: February 16, 2021

Manitoba Public Insurance is excited to announce an extension to our Tool Allowance and Apprenticeship Grant (TAAG) program. The TAAG program will continue until **February 28, 2023**.

Tool allowances and apprenticeship grants are awarded to registered apprentices who successfully complete each level of their chosen program. These grants help attract and retain skilled technicians in the Manitoba workforce.

We have updated the TAAG Application Form so it can be completed electronically, and the Tools Purchased list now automatically calculates total amounts. To learn more or apply, please refer to the [TAAG Program Training](#) page.
