MPI Service Restoration Update

Date published: November 2, 2023

An agreement has been reached to end the MPI labour interruption (LI).

MPI, with the continued support of our valued partners, is now working to fully restore services.

MPI Location Reopening and Support

As you are aware, during the labour interruption (LI), MPI locations were closed to the public. All MPI Service Centres, Claim Centres, and the Physical Damage Centre (PDC) will reopen at 1:00 p.m. on Day 1, the first day after the LI ends, and will remain open until 4:30 p.m.

For the first week back, MPI locations will be open as follows:

- Winnipeg locations - Monday to Friday from 9:00 a.m. to 4:30 p.m.
- Rural locations - Monday to Friday from 8:30 a.m. to 4:30 p.m.
- PDC - Monday to Friday from 8:30 a.m. to 4:30 p.m.

MPI will return to normal hours of operations by the second week back.

Partner Support

MPI anticipates that there may be delays on the first few days back after the LI, as our returning employees are re-integrated and focus on restoring all services as quickly as possible.

Please watch for additional communications as service restoration increases.

Customer Support

As some services were cancelled, discontinued, or limited during the LI, there may be delays for certain services as MPI prioritizes customers with cancelled appointments.

Encourage customers to visit the [MPI website](#) for up-to-date information about service availability.

Note: Customers will continue to have the option to open new claims by filling out MPI's [online claim reporting form](#).

Labour Interruption Temporary Process Updates

To minimize the impacts of the LI to our valued business partners, MPI introduced several temporary processes. Please review the notes below to learn how MPI service restoration plans will affect these temporary processes and the return to normal operations.

- Cancelled Vehicle Safety inspection and re-inspection appointments will be rescheduled. MPI will contact affected customers soon.
- Effectively immediately, the [temporary vehicle safety certificate and decal order process](#) is discontinued. Normal processes will resume on Day 1, the first day back after the LI, at 1:00 p.m.

If you have questions, please contact Vehicle Safety at 204-985-0920 or vsistationinfo@mpi.mb.ca.

Thank you for your continued support, patience, and understanding.
