Recycled Parts Supplier Update

Date published: February 1, 2021

In August 2020, SGI Salvage joined the MPI Parts Program with limited inventory while they adjusted to the program and became familiar with the needs of the Manitoba market.

SGI is now expanding their offerings to include their full inventory making it available in the Winnipeg region, which supports MPI's ongoing effort to expand part sourcing options for shops.

Recycled crash parts (sheet metal, lamps, bumpers, etc.) will be available for selection in Car-Part Pro beginning February 1st, 2021.

If you have any questions about this notice, please call the Repair Shop Support Line (1-855-882-4313) and select Estimatix (#4), then Alternate Parts Program (#2) from the phone menu, or email Estimatix-Parts@mpi.mb.ca.
