

New Requirements for Vehicles Purchased Through Auction Houses

Date published: October 26, 2026

For vehicles sold on or after October 24, 2026, the supporting documents required for registering a vehicle purchased from an auction house are changing.

Auction houses will complete an Auction House Declaration Form and provide it to the buyer at the time of the sale. Customers will be required to provide the completed form when establishing ownership of or registering a vehicle purchased at auction.

The requirements for registering vehicles purchased through auction houses can be found on MPI's public website. The Auction House Declaration Form is available in [English](#) and [French](#).

If an auction house does not provide the form, consult with your broker or an MPI service centre.
