

Updated National Safety Code Standard 11 -Maintenance and Periodic Inspection Standards (NSC 11)

Overview

The Canadian Council of Motor Transport Administrators (CCMTA) has released an updated version of the [National Safety Code Standard 11 – Maintenance and Periodic Inspection Standards \(NSC 11\)](#).

Inspection stations must no longer use the 2014 version of NSC 11 and should delete or destroy all old copies of the standards. Going forward, please use the 2020 version in the link above.

Legislation

The Manitoba [Vehicle Equipment, Safety and Inspection Regulation](#) (VESI) references NSC 11 as the legislated inspection standards that Manitoba certified inspection stations must reference when performing Periodic Mandatory Vehicle Inspections.
